Dane County Redistricting

The local redistricting data timeline begins as soon as the Legislative Technology Services Bureau publishes the 2020 Census block data with population counts. This will begin between March 1, 2021 and April 1, 2021.

Summer 2020

Members for the non-partisan Redistricting Commission will be chosen by the County Board Chair and the County Clerk. It will consist of 11 Dane County residents.

Fall 2020

Mapping software for redistricting will be tested.

April-May 2021

Redistricting issues are considered and resolved by the county, alternative supervisory districts maps are prepared, and meetings occur with local municipalities that may be split by districts.

May-June 2021

A public hearing is held on the tentative supervisory district plan and the county body responsible recommends tentative plan to the County Board.

June 2021

County Board approves a tentative supervisory plan.

June-July 2021

Municipalities adjust ward boundaries and submit ward plans to the county.

October 2021

The county adopts final supervisory district plan and cities adopt aldermanic districts within 60 days of receipt of the municipal ward plans.
